

We're here to help you!

Robbie's Rainbow believes education and support are key components to caring for a child living with Inflammatory Bowel Disease (IBD).

As the best support begins

at home, Robbie's Rainbow has created a program specifically for parents and caregivers, called Parent2Parent mentoring.

Our mentoring group brings parents together to motivate and inspire. We are creating a space where parents can share their experiences and have the opportunity to learn about a variety of IBD topics from guest speakers.

Please contact Nancy

Marcello the Director of Community Development at nancy@robbiesrainbow.ca or visit our website at robbiesrainbow.ca to learn more and find out when a Robbie's Rainbow: Parent2Parent Mentoring group is coming to your area.
